Chance Ram with Chesterfield LLC., who is representing the new owners of the property, said he has spoken with DOT and the owners of the property are willing to provide access to Habitat for Humanity. ### **New Business:**

**1. T & C Towing, LLC, is requesting to be added to the City of Rincon towing rotation.**

Mr. Graham said he does not have one yet; he would like to make sure it meets City's criteria before he gets a yard. Councilmember Wendelken asked if we already have a contract, Councilmember Scott said we don't currently have a contract. Attorney Dickey said we had a contract that was advertised and awarded to Smithey's, and then it was re-advertised and went to a rotation

schedule. The discussion was to have the same criteria as the previous contract. Mayor Lee asked if we need to give Mr. Graham a copy of the contract to see if he wants to comply. Councilmember Daniel said we need to hold a workshop to look over the contract.

No action, Council will review procedures in a workshop and get back to Mr. Graham.

Councilmember Dasher asked LaMeisha Kelly to put this on the agenda. Councilmember Dasher said the City asks business owners to keep the accessory roads up to standards, when the public destroys the property the business owner has to pay, he would like to see if we could alleviate the burden on the business owners. There was a lot of traffic during the construction of the new traffic light. Tim Bowles said DOT standards are the reason they have to put in the frontage roads. Councilmember LS we have to check with the state to see if we can apply for assistant (LMIG). Councilmember Wendelken would like to see us take over all of the streets. LK the ordinance is written that all streets are to be built to the City standards. Mayor Lee said we have had this discussion a few times and never came up with an agreement, so we need to come up with something that is more concrete. Councilmember Dasher asked, can they deed the frontage road to the City. Attorney Dickey said he is not sure without doing a title search on the roads, the roads are what makes the property valuable. It is a private road but dedicated to the public. If the City takes over the frontage road and you can depress their business during construction, customers will not be able to get to the business

Dana Williams with Rutland Tire, said DOT has not maintained the drainage ditch, and another issue they have had multiple accidents on the property. Mr. Williams said he spoke with Travis Grubbs, building inspector and he said they could be ticketed for not maintaining the road, he would like to put a speed bump, but Mr. Grubbs said he didn't think they could do that. Mr. Williams said they would love to pave it, but he doesn't have \$30,000 to do that. Staff will do research on who owns the frontage roads in front of Rutland Tire and BB&T and see what can be done about the paving on them.

No action taken.

**5. Request to transfer the JCB Backhoe to WWTP/Golf and surplus the John Deere Backhoe that they currently use.**

Motion to approve: Councilmember Scott  
Second: Councilmember Dasher  
Vote by Council: Unanimous

**9. Approve a pre-agenda meeting at 6:30 PM on recurring basis beginning with the July 11, 2016 Council meeting.**

Councilmember Daniel requested this agenda item. She said tonight is a good example for having a pre-agenda meeting. Some of this meetings items could have been discussed before and Council could have known about some of the specifics before the meeting. Councilmember Wendelken said he could see where this could be good or bad. People could be here to hear them talk about the agenda and it would be the same as a meeting. Councilmember Wendelken also said it would be difficult for him to close his business, but did not want Council to base the vote on that. Councilmember Daniel wanted to ask Attorney Dickey's opinion, he said from his perspective the discussion with staff before the meeting seems to be the way to go. Councilmember Dasher said if self-employed people can't be here he does not want to hear the specifics twice. Mrs. Kelly said we need something that governs how people get on the agenda. Attorney Dickey said if it sponsored by a councilmember it would go on the agenda. Mayor Lee said we need to see if it is by charter or ordinance, how the agenda is set. Councilmember Wendelken said we can get the agenda items earlier and approve them. Mayor Lee asked about sending out a proposed agenda. Can staff have a proposed agenda on Wednesday?
