Presentation by Wade Burchem with Geosyntec.

Wade Burchem was present and discussed implementing a stormwater fee and the benefits for the community. Mr. Klimm's recommendation to Council is for a \$1.50 fee making them aware that we have made increases in other areas recently. He said we can set a rate to begin the program that does not mean Council will not be able to adjust it at a later time. Councilmember Daniel asked is there a timeframe that it has to be completed once it is identified, Mr. Burchem said no. Attorney Dickey asked Mr. Burchem to explain the process. Mr. Burchem said the first the City will have to finalize the fee, and then get an ordinance, a stormwater utility fee manager, and then billing.

Councilmember Daniel asked about a workshop, a workshop was scheduled for February 1.
