New Business:

1. Discussion of the Waste Management Contract.

Mr. Klimm said in reviewing the contract it is clear that the contract ends March 2020. Sometime soon we need to make a decision if you want to put it out to bid.

Russ Hightower with Waste Management was present. Mr. Hightower said the only thing that has changed is they have built a new facility with compressed natural gas, you should see all brand new trucks in the first quarter. There was discussion on recycling and how it is changing.

Mr. Klimm said we have a legal obligation to notify Waste Management on what our intention is, do we extend or put it out to bid. Attorney Dickey said in March 2018 the contract was modified to say this agreement will terminate on March 30, 2020, the original agreement said you will have to give a 90 day notice but it was amended with the 2018 contract. His opinion the agreement will terminate on March 30, but to be on the safe side you might as well give the 90 day notice.
